President's Message

Why did you join the KFRW? What was your reason for getting involved? As most of us will agree, passivity, complacency, and silence got us where we are today. It is time we – the silent majority – become unsilent! We are just 33 days from Election Day, the **most important election in our lifetime!** Absentee ballots have been mailed; Early Voting begins October 19. As a club, and as individual members, we must **actively** campaign for re-election of **President Donald Trump and VP Mike Pence** and help our local Republican candidates get elected. *Please* do all you can to affect the outcome of this election for all Republican candidates! “Do a little. Do a lot. Do your part.” Join the movement of patriots to help [Keep America America](#). Don't let our Democrat and Never-Trumper opponents out-work or out-organize us in November. Refer to the Campaign Committee update on page 2 for opportunities on what you can do.

[Republican Commitment to America](#) – America is worth fighting for. **Republicans** helped build the greatest economy in a generation and the American way of life was thriving. We will do it again. This is our commitment to you: [Restore Our Way of Life](#), [Rebuild the Greatest Economy in History](#), and [Renew the American Dream](#). **Democrats** want to **Defund, Destroy and Dismantle**. The [#WalkAway Campaign](#) is a true grassroots movement, founded by former liberal, Brandon Straka on May 26, 2018. The [#WalkAway Campaign](#) encourages and supports those on the Left to walk away from the divisive tenets endorsed and mandated by the Democratic Party of today. “We are walking away from the lies, the false narratives, the fake news, the race-baiting, the victim narrative, the violence, the vandalism, the vitriol. We are walking away from a party driven by hate. We are walking toward patriotism and a new, unified America! We are the future of this great nation!” Take a few minutes to watch a few short videos on their website: (1) The Viral Video That Started It All, 2) Episode 1: Media Bias, and 3) Episode 3: Anti-Semitism) and then share this site with anyone you know who still identifies as a “liberal” Democrat. ■

As the country’s largest voters’ rights and election integrity organization, [True the Vote](#) has been on the front lines of election fraud prevention since its founding in 2009. [True the Vote](#) is out with the [most important video of the 2020 Election \(28:31\)](#) to raise awareness of the vast security gaps in election laws and processes all across the country, particularly as it relates to the expansion of vote by mail. The video will air in front of a national audience prior to Election Day to drive citizens to deter election fraud by personally engaging in the election process, whether it’s through working at the polls, on committees that verify mail-in ballots, or other critical election needs. ■

The biggest interference threat in the 2020 election is not Russia, it's Silicon Valley. This should come as no surprise after a leaked video revealed how horrified Google execs were over Donald Trump's 2016 win. Glenn Beck interviews the researcher who intends to expose the faceless plot to thwart a second Trump presidency. Dr. Robert Epstein, a Democrat, claims Big Tech can shift 15 million votes in [Digital Stormtroopers: How Big Tech Will Silence You & Steal the Election](#). ■

"**Riding the Dragon**" explores the complicated and — until now — secret relationship existing between China and the Biden family. This explosive documentary uncovers the business deals, financial transactions, and secret agreements made between Hunter Biden’s businesses and the Chinese government, all while Joe Biden was vice president of the United States. While China sought to challenge and replace the United States as the world’s sole superpower, Hunter Biden worked behind the scenes securing millions of dollars in business deals that were unavailable to larger and more established banks like Morgan Stanley and UBS. Hunter Biden did this all while his father served not only as the vice president of the United States but as the Obama administration’s point person in Asia. ["Riding the Dragon: The Bidens’ Chinese Secrets"](#) (41:20) follows the money and delves into these business deals to uncover exactly who Hunter Biden was doing business with, when they might expect payback, and how the Biden family sold out American interests in exchange for access and money. *Watch free while you can on YouTube!* ■

Leaked documents reveal exactly how the Left is turning our children’s schools into massive brainwashing centers for radical Marxists. With many classes now going virtual, Glenn Beck highlights how teacher-activists have become concerned that parents will learn the truth about their disturbing lesson plans in [BRAINWASHED: How Black Lives Matter Hijacked Our Schools](#) (48 m). Glenn arms parents with the tools to fight back. Plus, Secretary of Education Betsy DeVos speaks to parents frustrated with public school and unions that care more about pushing progressive agendas than educating America's children. The 800 pages of documents referenced in the video can be obtained [here](#) and from accessing [Glenn Beck’s website](#). ■
