President's Message

I think most of us know there was fraud in the Nov 3 election, which was to make sure President Trump didn't serve a 2nd Term. As a result, most of us are discouraged and concerned about voter integrity for all future elections, as we should be. I have heard from a few members who say "what's the point" in staying a Republican, therefore see no need to renew their membership with our club and be involved, in whatever capacity that has been for you. The Democrats cheated, not us!!

My response is, if we don't stay involved in the election process, then you can be assured the Democrats will win every time. I firmly believe the truth about the voter irregularities and fraud that took place in many states is going to be exposed soon and there is a real good chance the election will be overturned and President Trump will serve 4 more years. I also know we have to be involved in our local races to ensure we elect good conservative candidates in lieu of the current democrat elected officials. And to do that, we can accomplish so much more in a like-minded group than one individual can casting their one vote.

It may be several months before we know how the Republican Party responds fully to the 75,000+ voters who voted for President Trump. As far as I know, the majority in our club consider themselves conservative constitutionalists, not identifying with the establishment (old) republican party, many of who are never-Trumpers. I'm hearing President Trump is not wanting to start another party, instead to redefine the Republican Party to be the party of the patriots, who believe in America and support the U.S. Constitution. We need to be *vocal* with purpose, as the Tea Partiers did in 2009 and 2010, to make sure we win all the important races going forward. We can if we are unified, focused, and stay committed to each other and to the greater cause.

Mark your calendars now, we meet the 4th Monday, February 22. at the American Legion Post 49. Our speaker will be **Eydie Tricquet, J.C. Superintendent of Schools** and member of KFRW.

~ **And We Carry On** ~

Donald Trump's late father Fred loved quoting a poem by Edgar A. Guest (1881-1959) titled “**Don't Quit**,” one he kept framed on his desk. The last stanza is one definitely to remember.

When things go wrong, as they sometimes will,
When the road you're trudging seems all uphill,
When the funds are low and debts are high,
And you want to Smile but have to sigh.
When care is pressing you down a bit,
Rest, if you must, but don't you quit.

Often the struggler has given up,
When he might capture the victor's cup.
And he learned too late,
When the night slipped down,
How close he was to the golden crown.

Life is queer with its twists and turns,
As everyone of us sometimes learns,
And many a failure turns about,
When he might have won if he'd stuck it out,
Don't give up though the pace seems slow,
You might succeed with another blow.

**Success is failure turned inside out,
The silver tint of clouds of doubt,
And you never can tell how close you are,
It may be near when it seems afar,
So stick to the fight when you're hardest hit,
It's when things seem worst that you mustn't quit.**

For Fred's son, the key to winning was always about never quitting, even to the bitter end. It's no surprise then that our President is fighting to that very last moment. [Watch, Trump tribute!](#) (6m)

As of January 2021, here is the list of [Trump Administration Accomplishments](#) that is a great reminder of what all President Trump did for our country in just 4 years. *Share this with others!*

The [January 2021 Newsletter](#) touched on the 1776 Project v. the controversial [NY Times 1619 Project](#). President Trump formed an Advisory 1776 Commission to review and report their findings about our heritage; [their report was released January 18](#). On his first day, Biden disbanded the Commission and removed the report link from the website. “Whenever somebody doesn't want you to read something — READ IT!” [advises Glenn Beck on his blog](#). (You can also find the report there too.) “Before you do anything else, if you want to save the country, read the 1776 Commission and read the advisory to the president.”

[8 Strategies For Exiting The Biden Years Stronger Than The Right Went In](#), written by Joy Pullman, *The Federalist*. [Glenn Beck referenced her article on his show and blog Jan. 21](#) (13:21), “Joy gives several concrete ways that conservatives in America cannot only survive the Biden era but actually can gain STRENGTH, too. Glenn says her thoughts are Reaganesque, which is EXACTLY what we need right now. Our club can benefit from applying some of these.

In reports of voter fraud, you may have heard reference to two softwares called “Hammer” and “Scorecard” and not known what they were. Here [Air Force General Thomas G. McInerney Exposes CIA Vote Hacking: Hammer and Scorecard](#) in a short (4 min.) video clip explanation.

An article shared by Abby, [Who Knew About and Planned the “Insurrection?”](#) by Cliff Kincaid (1/14/21) is worth the read, especially if you’ve only heard that Trump supporters are to blame.

I recently stumbled on [The Marshall Report website](#) and found articles of interest. Enjoy!
