May 2021

President's Message

The presentation **Karen Knox, Susan Carabello**, and myself led at the April meeting covered a lot of issues, exposing things **all** need to be aware of and informed about. As **Karen** stated, *“Living in a county that doesn’t even have a traffic light, it may be very difficult to believe much less accept these things we are discussing actually are real.”* What we’re experiencing is *“not a political fight, it’s a spiritual battle and is real. We are told, **DO NOT FEAR, have faith.**”* Since the beginning,

fear has *always* been used to control people. We live in uncertain times. We live in trying times. It seems, at times, we live in darkness. But as we know, God often brings light to those who are walking in darkness. **“Do not be unaware!”** *“Be Alert. Be Prepared. Be Strong.”*

Susan, reminded us, *“Viruses are **NOT** the enemy”* and the Covid-19 “vaccines” are still experimental. *Continued on page 4*, more info presented at the meeting.

Unable to play this 2 minute video of [Tommy Newberry's Monday Motivation Tip](#) from April 5th, which we found so appropriate, where he said, *“A certain phrase has lodged in my mind, and I seem to keep saying the same thing over and over again. Can you help me?”* – WATCH – Do you identify too? Must be why I found appropriate and amusing **Polk County Sheriff Grady Judd's** remark on April 19, *“Welcome to the Sunshine State — just don't vote stupid.”*

Mark your calendars now, **we meet May 24, the 4th Monday (not the last one)**, at the American Legion, Post 49, 1065 South Water Street. The speaker will be **Jason Shoaf**, Dist. 7 FL House Representative.

Membership Update

We welcome our newest members, **Debby Beger and Edna Hand**, who both joined at the April 26 meeting. Our membership total is now 67 – 50 Primary and 17 Associate.

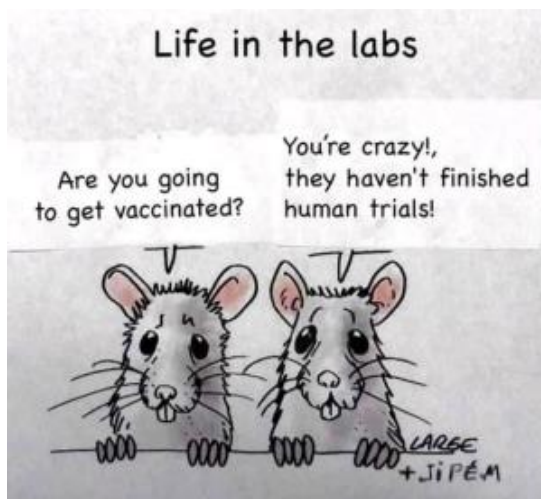

Many are looking to get involved, to be more proactive, and to make a difference!!

Membership Challenge for 2021: We can double if each member invited just ONE new member into the club this year. Are **you** willing to meet this challenge in 2021?

***“Each One Bring One
and Watch Us Grow In 2021”***

When sharing about our club with friends (potential members), invite them to come to our next meeting with you, to learn about KFRW and join us. We do this at 6:30 pm. ■

**GROWTH = MEMBERS = STRENGTH =
VOTES = REPUBLICAN MAJORITIES**

Merchandise for S~A~L~E

We will be selecting new merchandise for the club to sell this year, prior to the June Watermelon Festival. We have plenty of [tile bracelets](#), four styles, which can be seen on the website. All are available for purchase or to sell. Member price is \$4 each and non-member \$5 or 2/\$9. Contact Lynn S. to arrange pickup or get at a meeting!!

KFRW Committee Updates

All Committee Chairs: Please e-mail monthly updates to Lynn by Sunday, prior to monthly meeting, so updates can be shared with all club members via email, newsletter, etc. Thank you!

Community Outreach – So far, we’ve received 14 entries for the **KFRW 2021 Essay Contest** “American Patriots of the Revolutionary War and Founding of America” for JC middle school aged students, ages 11-14, the deadline was April 30 for mailing. We plan to announce the winners at the May meeting and award the cash prizes.

Events & Fundraising – KFRW will participate in the **Watermelon Festival** parade, **Saturday, June 19**. We hope a lot of members will ride on the float or walk along side, handing out flags. We will also have our own booth, both **Friday afternoon and Saturday (June 18 & 19)** so we need members to sign up to work at the booth. This is our main event of the year to share about KFRW, what we are doing to make a difference in Jefferson County, and sign-up new members. As our 2nd time in participating in the WF events, we anticipate an even more successful outcome since we know what we’re doing. ☺ A time to meet new people, and it’s a lot of fun!

Legislative – 2021 Florida Legislative session ended April 30. It appears key legislation did pass and will be signed into law by **Governor DeSantis**. At the May meeting, **Rep. Shoaf** will provide a legislative update. *Let’s turn out and show him how much we appreciate all he does in representing us here in Jefferson County!*

Media – **Lynn Stafford**, submitted a *Letter to the Editor* in the local paper, published April 16, 2021. This is a superb way to get “your” voice, “your” view point, heard in the community.

If you take photos at events, *please forward via text or e-mail to Lynn S. ASAP.* ☺

The expectation is all members will help at club events, as available, when called upon by the committees.

“Set yourselves apart from this corrupt generation. Be saints. You were not made to fit it. You were born to Stand Out.” -- Jim Caviezel

Monthly Themed Raffle Baskets

Mexican Fiesta raffle basket **“South of the Border”** donated by **Joy Beth Frisby**, was won by **Kenny Knox**. The raffle raised \$142, which was earmarked for the *Community Outreach Committee projects*.

Raffle Tickets: \$3 or 4 for \$10. Bring cash **\$\$\$** or a check to the meeting or buy tickets prior. **Time for Change** jar is available for your loose change!

Suggested items for baskets are to provide ideas, but optional. If you have items to contribute for a basket, *please bring to a meeting. Thanks!* ☺

 New Member Information at 6:45 pm
 American Legion Post 49 - 1065 S Water St

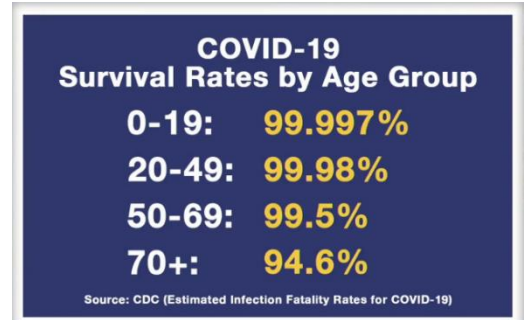

Speaker: Rep. Jason Shoaf

Memorial Day ~ Monday, May 31

~ Propaganda/Fake News vs. Just the Facts (Part One) ~

The vaccines are currently being used on an “emergency” basis and are not FDA approved. They use a new technology, something called a “spike protein” instead of the traditional (attenuated antigen) response of a traditional vaccine. The long-term health implications of having this spike protein for years in the human body and human brain are unknown, therefore do your own research. **Susan’s** favorite resource is, [America’s Front-line Doctors](#), a wealth of info, their [White Paper on Experimental Vaccines for Covid-19](#), and [protecting your rights](#). The biggest myth regarding COVID-19 is this is a highly lethal infection. **It is not.** The data is unequivocal, *as shown in the chart on the right: COVID-19 kills very rarely and is mostly limited to the medically fragile.*

There are growing health concerns regarding wearing masks, both for adults and children, with government and business mandates still “requiring” you to do so. Each of us should be “allowed” to make that choice, just like with the vaccine. **Our advice:** *If you don’t want to wear a mask, then don’t.* Many places still have “Mask Required” signs, yet say nothing when you enter without one. From [The New England Journal of Medicine](#), April 1, 2020:

“It is also clear that masks serve symbolic roles. Masks are not only tools, they are also talismans that may help increase health care workers’ perceived sense of safety, well-being, and trust in their hospitals. Although such reactions may not be strictly logical, we are all subject to fear and anxiety, especially during times of crisis. One might argue that fear and anxiety are better countered with data and education than with a marginally beneficial mask, particularly in light of the worldwide mask shortage, but it is difficult to get clinicians to hear this message in the heat of the current crisis. Expanded masking protocols’ greatest contribution may be to reduce the transmission of anxiety, over and above whatever role they may play in reducing transmission of Covid-19.”

“**Masks do not prevent virus respiratory illness.** Size matters! Viruses are 50x smaller than bacteria and 1000x smaller than a hair.”

Review of Scientific Reports of Harms Caused by Face Masks, up to February 2021, by Denis G. Rancourt, PhD in summary: *“It is a testimony to the power of propaganda, institutional capture, and the desire to socially conform that masking of the general population has successfully been imposed during the COVID-19 era. The harms from this imposition are palpable, and potentially long-term and gargantuan, not the least of which is the psychological training of the public to comply with an absurd measure that has direct personal negative impact. I review the mounting evidence of the obvious: **Universal masking harms people and society, without any detectable benefit.**”*
