May 2022

President's Message

We had 14 participants in the **2022 Essay Contest**, eight high school and six middle school, one from Aucilla Christian, Isabella Gray, and the rest were homeschoolers. See the full list of participants and winners on page 2 under Committee Update for Community Outreach and the picture of those who attended the meeting on page 3. It turns out many of the homeschoolers who participated in the contest were also in a play production at the Opera House at the same time. We are sorry for the conflict, but very proud of all of them.

Gretchen Wallace is leading a Local Government class on Mondays, beginning May 2 through October, called **Let's Get Political** at the First Baptist Church on W. Washington beginning at 10 am, inviting speakers and elected officials to present different aspects of the political process to homeschooling students (middle school and up) and their parents. We both encourage as many KFRW members to attend, after all we will learn something too! The schedule for May is as follows:

- May 2: **Tyler McNeill**, J.C. Supervisor of Elections
- May 9: **Kathy Halsey** and **Gladys Rowan Watson**, J.C. Democrat Party Chair
- May 16: **Glen Bishop**, J.C. Republican Party Chair
- May 23: **Lynn Stafford**, KFRW President
- May 30: Memorial Day, no class

Karen Knox, **Susan Carabello**, and **Lynn Stafford** participated in the Monticello Cleanup Day, held Saturday, April 23, sponsored by the J.C. Democrat Executive Committee. We picked up trash, mostly beer bottles, filling a huge garbage bag full on N. Marvin St. from E. Washington to E. York for an hour. If enough interest, perhaps KFRW can sponsor a fall cleanup day??? *Let me know...*

I heard this just after sending out the April Newsletter, so in case you haven't, here it is: [LOVING THAT NEW RON DESANTIS VIDEO!!! "SWEET FLORIDA"](#) by the Van Zant Brothers (4:54).

Our next meeting is the **4th Monday, May 23, 2022**. **Eydie Tricquet**, J.C. School Superintendent, will give an update on the transition of the schools back to county oversight and direction this July.

Will see some of you at [2000 Mules](#), the movie, May 4th, 7 pm show. Seats still available, [reserve now!](#)

Community Outreach – The winners and participants of the **2022 KFRW Essay Contest** were announced at our April meeting by **Gretchen Wallace** and certificates and cash prizes were presented to those in attendance.

High School: **1st Zoe Burrell** (\$250), **2nd Adeline Grettenberger** (\$150), and **3rd Isabella Gray** (\$50), **Anna Dollar, Lily Hall, & Tali Grettenberger.**
Middle School: **1st Allie Dollar** (\$250), **2nd Vera Peters** (\$150), and **3rd Charles Boyd** (\$50), **James Boyd, MadiLynn Boyd, Tessia Brookins, Joel Pollock, and Tre Scott.**

We heard essays from **Joel Pollock, Isabella Gray**, read by her grandfather **Sam Gray**, and **Zoe Burrell**. What a fantastic job from all who participated and all of us attending were very impressed with the essays!! Thank you also to the three judges for their time and effort. Watch for an upcoming article in the local paper.

Events & Fundraising – Our next event is the **Watermelon Festival**, June 17 & 18. Contact Lynn S. to sign up to work at the booth or participate in the parade on that Saturday!! Let's have a good showing of ladies in **RED** and show support for our 2022 candidates!!

School Board – Update: *Republican candidates* filed to run are: **John "Troy" Krause**, Dist. 2; **Brenda Wyrick**, Dist. 3 (vs Shirley Washington); **Mags Flynt, Keren Stevens & Ruby Schmigel Grantham**, Dist. 5 (vs Charles Boland). **Please work to support any of these candidates.** Will invite all to speak at our June meeting.

Media – Note: If you take photos at events, *please forward via text or e-mail to Lynn Stafford ASAP.* ☺

The expectation is all members will help at club events, as available, when called upon by the committees.

~ Still Learning from the Election Fraud of 2020 ~

The US 2020 Presidential Election counted a record-breaking 158 million votes, 22 million higher than the previous election, and yet was decided by only 42,918 votes or 0.027% across Arizona, Georgia and Wisconsin. In the days and weeks following, many dozens of anomalies, eyewitness accounts and sworn testimonies emerged showing election tampering, yet were overlooked or minimized by mainstream media and news outlets. In spite of increasing evidence, officials in many key states have obstructed open and transparent audits of the results. **Was the election fair and legitimate?** *Decide for yourself.*

The [U.S. 2020 ELECTION FRAUD at a Glance](#) site aims to summarize the allegations of fraud, as presented in governmental hearings, courts, and investigative reports, by state, to provide an easy reference and portal for further research. Focusing initially on the six swing states (AZ, GA, MI, NV, PA, & WI), their research widened after numerous other states reported integrity issues. Check out what they've accumulated so far for [Florida and its Election Integrity Scorecard](#), rank 4th out of 51.

The polling and tabulation equipment used for each county in the US is listed at [Verified Voting](#), although see our disclaimer² [VV has some useful information on their website, however we feel the need to caution visitors about the partisan ties and Democrat influence within the organization. According to this [The Gateway Pundit article](#).] They also have a detailed database including photographs of the various models of voting equipment. Note that the polling and ballot marking equipment is different to the scanning and tabulation equipment — both need to be highly secure, and in most cases aren't.

Voting machines and computerized tabulation equipment have introduced many vulnerabilities and avenues for manipulation in elections. Cybersecurity experts tell us that there is no such thing as a fully secure computer system, and the more complex our voting systems and election systems get, with more moving parts and connections, the more impossible it will be for any state or county to defend against a nation-state-level threat. Local counties running elections can no longer defend against these motivated and well-funded foreign nations. ***The efficiency gains brought by machines are not reason enough to tolerate the loss of security, accountability, and transparency.***

Jeffrey O'Donnell is the Chief Information Officer for [Ordros Analytics, INC](#), which uses cutting edge forensic and analytical research to assist grass-roots election integrity movements all over the United States. **“Our goal is simple: Fix the stolen 2020 Election and safeguard all future elections from similar crimes.”** Watch the 2½ minute video on [How We Got Here](#), which ends with this: *“Joseph Stalin and Joseph Biden agree, it's who counts the votes, and how, that really matters.”*

Jeff discovered an algorithm that was used to preload votes. This discovery led to a pattern that was used in many other states. The proof of election fraud is emerging. [Watch his interview with X22 Report](#) where he reveals what he discovered (46 min). Follow him on [Telegram as Alone Raccoon](#) for updates and on his website, [MagaRaccoon](#), for his election analysis tools and reports.

If you are a legal Florida voter and curious if someone is secretly voting from your home, ***The People's Audit*** created an online system for you to check. Their canvassing efforts uncovered multiple locations that still have past residents still registered to vote at home all across Florida. **“Worse yet, those voters are still voting even when we tracked them down at their new residences OUT OF STATE!”** Enter your details (Last Name & Voter ID OR Last Name, Date of Birth, & Zip Code) in the form to check the public record on your past voting history and if there are anyone else registered to vote at your home. >> <https://florida4america.org/portal/vlookup>
